About WorkForce

WorkForce clients prefer LCCI-qualified candidates

Accounting is a big industry in Cyprus. A Level 3 LCCI qualification **appears frequently in job adverts** as either essential or desirable. Many of the LCCI-qualified candidates placed by WorkForce have retained their jobs for several years and as result **LCCI graduates are consistently** in demand by employers.

Having completed all three stages of the LCCI qualification (Accounting Levels 1, 2 and 3), I undertook an undergraduate degree in Accounting and Finance at the **London School of Economics and Political Science (LSE)**.

I then undertook an ACA training contract at Kingston Smith LLP in London.

After obtaining my professional qualification, I moved back to Cyprus to work as an **Audit and Tax Manager** for Ioannou & Theodoulou Ltd.

My LCCI qualifications helped me to **better understand** the accounting and finance-based subjects I studied at university and in my ACA professional qualification.

Recruit the best talent for your business

Pearson's LCCI qualifications take a unique approach by helping students develop the practical knowledge and technical competencies they'll use in the workplace.

LCCI students are assessed using real life case studies, which students can apply in real life jobs or situations.

Graduates are able to improve and develop their personal effectiveness in the workplace as the subjects covered provide evidence of competence.

As an LCCI Diploma holder, I strongly believe that we are qualified to face new challenges from the first day in the job. After passing LCCI Level 3 qualifications we are ready for any kind of business industry because of the scope of teaching. LCCI is also the best foundation for further higher education.

Another benefit of LCCI is that we can learn within a short period, which is beneficial as Myanmar is developing dynamically and the demand for skilled human resource is very high. Working in the international company, I believe that LCCI is the best opportunity to fill those gaps and that LCCI diploma holders are destined for great things."
